

# Goolwa Surf Life Saving Club

Goolwa Beach - South Australia

## **BUILDING MANAGEMENT UPDATE FEBRUARY 2020**

Welcome to all existing and new members of the Goolwa SLSC. It is time for another update with a lot happening behind the scenes with the Building Management Committee (BMC) and Board of Management (BOM).

## **Building Volunteers - Bar and Kitchen Volunteers**

Thank you to all the existing and new building volunteers who have helped out at the bar and kitchen over the summer school holidays. We have had some very busy weeks with extended trading hours and the increase in the club's popularity. As always, we need more members to help out and be an active part of the club's growth. The more building volunteers we have the more we can extend our trading hours and kitchen function.

Any Goolwa SLSC member who is interested in becoming a building volunteer please contact **Karyn** on **karynstaite92@gmail.com** We still have lots of opportunities in the bar, kitchen, cleaning of building and general fundraising.

## **Members Cards – Coming soon!**

We have been really busy programming the Goolwa SLSC Members Cards and we are anticipating a late March early April release to all paid members. We are now in the final stage of consultation with H&L (the Point of Sale (POS)) system providers to finalise what is required. The club then needs to finalise all terms and conditions attached to the card and its use.

## **Security Reminders!**

To all members who are using the FOBS to access our building please ensure all doors and access points are properly closed when leaving the building. We have had repeated call outs by our security provider as doors have opened due to improper locking of doors. Please check that the locking mechanism has engaged correctly and the door won't swing open due to factors like the wind.

## **See you at the Surf Club!**

We encourage all Goolwa SLSC members, their families and friends to visit our club! The club has lots of facilities that are available for use to both active and non-active members. We hope to see you all soon.....

Kind Regards,

**Nick Falanga**
